Les Ailes De Saint-Tropez

DOWNWIND EDITION

18/10 **2024** **21/10**
waiting period

Downwind foil event Waiting period October 18 to 21

Race day will be chosen according to the weather. If conditions don't allow a long distance, we could run 2 shorter distance during one or two days and an overall ranking. The goal is to make sure the competitors enjoy the best possible downwind conditions. Distance and course will be decided according to the weather conditions but riders have to be prepared for a 40 kilometers race or more if conditions allows. Make sure to check the updates on your emails and phone the days previous to the race.

A briefing will be organized the evening before the race, and a shorter one the morning of the race. A whatsapp group will be organized with all the main infos, but briefings are mandatory for every competitor.

If you did not participate to any official 15 kilometers or more downwind foil competition before, finishing in a decent time by yourself, you will have to justify that you are able to go for a 40 kilometers downwind in possibly rough conditions to valid your registration with the race management. The race management will study every registration.

The race management reserves the right to refuse registration if needed for safety reasons. The race management reserves the right to stop someone's race if needed for safety reasons.

The organization will provide safety boats and trackers but you are also responsible for your own safety. 50N/CE lifejacket, or PFD are mandatory, and phone with a waterproof pouch, or VHF radio or EPIRB, or other system approved by the organisation as well. A reminder of what you need will be sent by e-mail during the week previous to the race.

By registering for "Les ailes de Saint Tropez", each participant accept the race rules and undertakes to respect the race management and the organizing committee. The race management may penalize a competitor in the event of non-compliance with the rules and/or the organization team. A warning or exclusion from the ranking. Race rules may evolve or be changed. All modifications will be specified at the race briefing.
